**Mandatory parent
meeting on
August 31st**

In the Lil' Seeds cooperative program the parents and teachers are considered a team, both contributing to the child's total growth and development. Our team goal is to prepare our children for the future by instructing them in God's Word which teaches them to love God, love one another, and to love themselves. We want each child to feel loved, valued, and secure in this environment called "Lil' Seeds".

Each child needs a wide range of early experiences in order to progress effectively from one sequential state of development to the next. He/She also needs a warm accepting adult to help them make the transition from home and family to group living beyond the family circle. For this reason, Lil' Seeds is a cooperative enrichment program, 6 hours a week, where parents are included and the atmosphere is homelike.

We work to prepare children for Kindergarten/ 1st grade at the academic, social and emotional level. We create a variety of activities to enhance learning and make it fun. We want our students to love school and be successful in the years to come by giving them a firm foundation on all levels.
