City Team aims to reach their community with the gospel of Jesus and they start with food, clothing and services. They need help each month from people like us to distribute the donations and provide services.

At City Team we'll have the opportunity to serve alongside a ministry that is reaching out to their community. We'll have the chance to help them serve lunch, provide clothing, offer prayer, and distribute "bags of love". We can choose our job assignments on the day at check in. Let's go!

At the Exploratorium we'll have a chance to enjoy this hands-on, active science center and marvel at the amazing things God has made and how people have discovered and made use of God's creation.

Details

March 28, 2020 - 6:00am to 8:30pm
